

GROOVE Questionnaire

Groove is all about
Volkswagens and the members.
Your input is needed.

1. Due to the growth of GROOVE (yeah!!) The expense of the newsletter is around \$100 per issue, therefore approx \$1000 a year. We need your input to see if you want to see the club continue to mail out the newsletter or would you rather be notified by email when the newsletter has been posted to the website for viewing. We know that some of you do not have internet access and this is not possible, but your input is still needed.

I would like to continue receiving my newsletter by mail.

I have internet access and would be glad to review the newsletter thru the website.

I have internet access but would still like my newsletter mailed to me.

2. Another option is doing the newsletter every other month, therefore cutting the expense in half.

I think we need a monthly newsletter

I think every other month on the newsletters would be fine

3. 2010 is just around the corner, what activities, cruise's etc would you like to see the club be involved in.

4. To make sure we have your information correct please complete:
