

Bug on the Brain Your President, Jay Myers

Hey VW gang, what a great turnout on Grooves first meeting of the year. We had a bunch of stuff to get planned and then some. We had new members and new events that will go through the year. Groove has come along way over the years and what a blast we've had at most events. Everybody's got a story about their VW's and some of us rely on driving them everyday. When the club first started sixteen years ago I had bugs yet to be driven. Now I have a choice of four of them to drive unless one or two of them are broke down. Yea that never happens, right! I just got done putting brakes on the bug truck, then a couple brake lines. Then I left the car up on jack stands and the next morning I had transmission fluid under the car. Needed new axel boots. Back to Roy Rogers again for more parts. I did get all that done before the big snow and wrote my name in a couple parking lots with the bug truck. Too cool, like a teen again! What fun! Guess what, the bus is just as much fun in snow covered parking lots as the bugs are. The bus now has a kick butt stereo and nice front seat covers installed. My Mom is picking up the material for the curtains this week and don't really know when she'll have them ready. It took me, Mom, Dad, Vicky and Megan and four stores to come up with all agreeing on cool curtains. One problem though, which way does the colored side face? Looks like they'll face inside I guess. Hey I'll see you all at next meeting on the 20th.

VP's Corner...VP, Rick Eddy

Hello fellow Groovers,

Another month has past and spring is getting closer. Tuesday was Groundhog Day and I was hoping that little hog didn't get scared. We are now less than four months away from our car show and I can't wait to see what everyone's bringing out for 2010. I have already started cleaning out my garage and have a pile of parts for this years swap meet. Now is the time to get things ready and planning is key. A fellow Groover once told me "all projects are determined by three things: Time, Money and the Weather." We've all heard it said that the one thing you can predict about the Ozark's weather, is that it's unpredictable. With that said...I'm sure we are bound to get at least a couple nice days in February. Take this opportunity to plan a cruise in your VW to a local eatery. If anyone is up for something of this sort, just post your idea on the forum and see if you find anyone else interested. Be spontaneous! So don't forget to check the forums regularly as to not miss out on any fun happenings.

Forum Info ... Webmaster, Brad Weber

The new GROOVE forum is up and running! Registered members can post topics and pictures, (including classic'fied tradin' post ads!) and reply to posted topics, send private messages and emails right from the forum. To become a registered member of the GROOVE forum, go to www.groovevws.com/forums, click on the Register link, agree to the terms of service and fill out the registration form online. Once registered, you can post stuff, reply and all the other features listed above. If you don't register, you can still browse and view the postings, but you won't be able to post or reply. So, be sure to register your GROOVE forums handle today!

Blast from the Past ... Historian, Allen Conway

Blast from the past..February 2005..officers; Jay, prez., Al, VP., Bruce Lincoln secretary and newsletter editor, Barbara, treas., Duane, car show chairdude, Rick Roush, website, meetings were held at New York Pizzeria. No minutes from the last meeting ..classified ads.. Mark Solari was looking for a Judson supercharger for a 40hp engine, Rob Davis had two tow bars for sale, Bruce offered an autostick tranny and all the goodies for sale or trade...Bruce also had an article about the demise of VW TRENDS magazine. There was also mention of declining membership and members were asked to bring in new people.
